Sponsorship Guide

Our Mission

To enable knowledge of nature
and science by inspiring individuals,
engaging communities, and
connecting organizations.

WHAT IS IT?

The Cosmic Bash is a celebration of our community's support for STEM* education.

As North Museum's signature fundraising event, all sponsorships, donations and money raised during the Cosmic Bash help continue the museum's mission of inspiring curiosity, discovery, and a lifelong appreciation of nature, science, and cultures, while engaging communities and connecting organizations.

This seasons Cosmic Bash will be Saturday, April 18th, 2026 at 6:00 p.m. at Foundry48 in Lititz. Festivities for the evening include cocktails, hors d'oeuvres, dinner, dessert, silent and live auctions, fascinating scientific exhibits and activities, live music and more. Our theme this year is "Dinos & Diamonds", celebrating the awe of discovery — from ancient fossils to brilliant gemstones — and the timeless power of curiosity, science, and wonder.

BECAUSE OF YOUR SUPPORT the North Museum can offer:

NORTH MUSEUM FIELD TRIPS: Available to schools throughout Lancaster County and beyond, enabling students to interact with exhibits, our Live Animal Room, Planetarium and more, with free and reduced cost availability to schools and students lacking means.

PLANETARIUM: Experience South Central PA's largest planetarium, where our movie-like shows will immerse you in the cosmos or let you venture into Earth Sciences – exploring polar ice caps, flying through the Grand Canyon or viewing high definition satellite views of earth.

THE NORTH MUSEUM SCIENCE & ENGINEERING FAIR: Lancaster and Lebanon County's official competition for students in grades 6–12, affiliated with the International Science & Engineering Fair, and free to all participants.

STEM SISTERS: A free program designed to inspire, empower and ignite a passion for STEM careers for girls in grades 1-12, using interactive programs, hands-on activities, and mentorship from women STEM professionals.

STEM CAREER FAIRS: An in-school program introducing students to exciting STEM job opportunities utilizing the experiences, training and background of a diverse group of local STEM professionals.

LITTLE EXPLORER & ME: Early childhood program for children and parents/caregivers which introduces science to everyday preschooler play, offers tips, support, and educational resources to adults.

*Science, Technology, Engineering, and Math
